**RE: BRIVAR Construction Company**

To Whom It May Concern

I am writing to recommend the services of BRIVAR Construction Co. My companies have been involved in several construction projects with BRIVAR and I am confident in recommending BRIVAR Construction Co. for large, multimillion-dollar projects.

I have been impressed with BRIVAR's quality, price and timing as well as strong accounting procedures. Craig Stockard and his team have had the knowledge and experience to accomplish all of our projects to date. BRIVAR puts attention to detail at the forefront of their daily processes and have met all of our expectations.

If you have any further questions, please feel free to contact me.

Sincerely,

Michael B. Corrigan  
President  
Corrigan Oil / BMH Realty
