

Craig Stockard
Brivar Construction Company
7258 Kensington Road
Brighton, MI 48116

August 15, 2019

Dear Craig:

Thank you and your entire staff for your efforts in making the construction of Oxford Recovery Center's Brighton facility as painless as possible.

From your initial participation in cost engineering during the design phase to the final closeout and occupancy, Brivar can be depended upon to "take care of business" and to turn out an outstanding finished product.

Your personal involvement, availability and the attention and care given by your field and office staff allowed us the opportunity to pursue ongoing development activities with the knowledge that any unforeseen and unusual project construction issues will be handled properly, expeditiously and fairly.

We continue, long after our grand opening event how impressed everyone is with this world class facility. In closing, I want you to know that I value our relationship and I look forward to doing more project with Brivar in the future.

Sincerely,

Gary Marken
